

Musculoskeletal system

	Session	Titles	Teacher
Upper Limb Anatomy	1	Osteology of pectoral girdle Osteology of humerus bone	Dr. Vahid Bayati
	2	Axilla definition Axillary contents Brachial plexus	Dr. Vahid Bayati
	3	Proximal musculature	Dr. Vahid Bayati
	4	Proximal musculature Arm area	Dr. Vahid Bayati
	5	Anterior forearm compartment (musculature and nerves and vessels)	Dr. Vahid Bayati
	6	Posterior forearm compartment (musculature and nerves and vessels) Hand area	Dr. Vahid Bayati
	Lower Limb Anatomy	1	Anatomy of hip, thigh bones and their joints
2		Macroscopic anatomy of Anterior and Medial region of thigh	Dr.Hemadi
3		Macroscopic anatomy of Gluteal region of thigh	Dr.Hemadi
4		Macroscopic anatomy of Posterior region of thigh and Popliteal fossa	Dr.Hemadi
5		Anatomy of Leg and Foot bones and their joints	Dr.Hemadi
6		Macroscopic anatomy of Anterior and Lateral region of leg	Dr.Hemadi
7		Macroscopic anatomy of Posterior region of leg and foot	Dr.Hemadi
8		Blood vessels of the Lower limbs: arteries and veins and their branches and their surface anatomy	Dr.Hemadi
